However, the Patent Office has rejected the CD as in Applicant's other related cases. Therefore, Applicant is providing hard copies of all the foreign patents and other non-patent documents (in Supplemental II) to fully comply with 37 C.F.R. § 1.98(a)(2). Applicant is also submitting the additional references listed on Forms PTO-1449 that are captioned Supplemental V.

It is respectfully requested that the Examiner consider these references with respect to the claims pending in this application. The Examiner is requested to initial the left-most column of the enclosed Forms PTO-1449, adjacent each reference, and to return a copy of those forms for the Applicant's records. It is also requested that these references be cited on the cover of any patent issuing from this application.

The statements made here should not be construed as a representation that more material information does not exist nor an admission that an exhaustive search of the relevant art has been made. Nor does this statement constitute an admission by Applicant or Applicant's representatives that the information provided here is necessarily prior art to Applicant's invention. If the undersigned representative of Applicant is in error in making this determination that no fee is required, then the Examiner is requested to consider this statement as a petition and is hereby
